REGARDING REVISION OF THE UNIVERSITY CODE**

July 10, 2017, 2:00 p.m. – 3:30 p.m.

- I. Attendance (please see attached)
- II. Minutes of the Consultative Meeting

Director Jose Abat of the Office of the Student Services welcomed the student leaders for attending the consultative meeting. He then called EVP Marimim Maximin to preside over the meeting.

EVP Maximin explained the reason for the consultative meeting and emphasized the importance of updating the University Code as it is like the Constitution of the Philippines. As Chair of the Committee that revised the PUP Student Handbook in 2014, she noted that the Code itself has not undergone any revision at all. Accordingly, the last time it was revised was in 1978. Therefore, the very reason for the current revision is to keep it tuned with the changes that have occurred for the last so many years. Though there were initiatives undertaken by her predecessors to revise the Code but it was only on March, 2017 regular meeting of the PUP Board of Regents that a final revised version was presented for approval. The Board deferred its approval until a consultation with the faculty and students sectors is held.

Through a powerpoint presentation, EVP Maximin went on to present the proposed changes in the University Code section by section. She encouraged the student leaders to freely express their opinions, comments, and suggestions.

As to the PUP Logo under Section 5 under Article 1, Ms. Clarissa Mendoza, President CPSPA Student Council commented that while the color of the star as stated in the Code is golden yellow and the Student Handbook says it is also golden yellow yet Section 5 under the same Article, The PUP Colors and Seal, it says the University colors shall gold and maroon.

During the discussion of Section 3 – Powers and Duties of the Board of Regents, Student Council President Elijah San Fernando clarified that ANAK – or the Alyansa ng Nagkakaisang Konsalta, not the Central Student Council, is the one which shall call for the election of the Student Regent. While the Student Council Assembly (SCA) is composed of the PUP Main college council presidents and Central Student President, Vice President and 2 councilors, ANAK is composed of the SCA and the presidents of the student councils of PUP branches and campuses. If there is no student representative in the BOR, then it is incumbent upon ANAK-Execcom to call an election for such purpose.

Under the presentation of Article 11 Section 1, the Office of the VP for Finance, a student inquired if there is a definite rule/guideline as to computation of venue or energy fees. EVP replied that there is. In fact, all charges for use of facilities and as well as energy fee are BOR-approved.

The consultative meeting was adjourned at 3:30 p.m.
