OFFICE MEMORANDUM NO. 18  
Series of 2015

TO: THE CHAIRPERSONS AND DEANS OF COLLEGES  
FROM: DR. MILAGRINA A. GÓMEZ

Please be reminded of the guidelines on the distribution of subject loads to faculty members during our meeting on October 23, 2015,

1. Faculty members in the University are evaluated in terms of the four (4) functions of higher education institutions as reflected in the IPCR such as: instruction, research, extension, and publication. As such, we limit teaching load of a regular or part-time faculty member to a maximum of 39 units to give elbow room for other functions if he/she has a Very Satisfactory or Outstanding student rating.

For every function, we assign a 3-unit equivalent load for these functions. Thus this distribution:

1.1. Instruction	
a. Regular load	- 15 units/hours
b. Part-time	- 12 units/hours
c. Temporary	
Substitution	- <u>12 units/hours</u>
Sub-Total	39 units/hours
	=====
	Equivalent load
1,2, Advising	- 10 hours
1.3 Research	3 hours
1.4, Extension	3 hours
1.5, Publication	<u>3 hours</u>
Total	58 hours/week

2. If the load is not enough in the college where the faculty member belongs, he or she can teach in other college/s provided they inform their Chairperson/Dean about their teaching load in other department/s. Likewise, the Chairperson from the other college who will assign additional load to the faculty is duty bound to inform the Chairperson of the mother college where the faculty belongs about the teaching load he/she intends to assign to the concerned faculty.
3. Advising time should be strictly observed and should not be in conflict with any teaching load.
4. In the interest of the service and in compliance with COA rules and regulations, the Dean is reminded to submit to this office teaching assignments not later than two weeks after the opening of classes for each semester. Non-compliance will mean service rendered will be subjected to COA rules and regulations.

Futhermore, it is the responsibility of the Chairs/Deans to observe the existing university policy implemented in assigning subject loads to the faculty members.

7. ACADEMIC PRACTICES

7.1 Teaching Load

7.1.1 Teaching Load may either be regular, reduced load or extra load.

7.1.1.1 Regular Load

7.1.1.1.1 A teaching load of 15 hours a week shall be required for a full-time faculty member.

7.1.1.2 Reduced Load

7.1.1.2.1 The teaching load prescribed above may, however, be reduced in case a member of the faculty is assigned either to undertake research, creative writing or related activities; to perform administrative function or committee work, in which case, the Dean or Director may recommend the appropriate reduction in teaching load based on University policies.

7.1.1.3 Extra Load

In order to allow every faculty member a fair and equitable chance of enjoying the privilege of getting assignments for extra-load teaching, the following factors are given primary considerations:

7.1.1.3.1 Teaching Efficiency

Based on the latest Performance Evaluation System (PES) for Academic Area and Student Evaluation Ratings, the distribution of extra teaching loads to faculty members shall be as follows:

PES Rating	Maximum Extra Teaching Load
Outstanding	9 - 12 hours a week
Very Satisfactory	3 - 9 hours a week
Satisfactory	0 - 3 hours a week

7.1.1.4 Part-Time in Other Institutions

Regular faculty members who wish to teach part-time in other educational institutions may be permitted, provided they have not been given the maximum part-time load in the

POLYTECHNIC UNIVERSITY OF THE PHILIPPINES  
COLLEGE OF ENGINEERING  
**COMPUTER ENGINEERING DEPARTMENT**

8

University, and provided further, that such assignment shall not be prejudicial to the performance of their regular duties in the University.

They are also required to file an official request through channels. Those who are already teaching in other schools are required to file a certification indicating among other things, the number of hours and schedule of classes they teach.

7.1.1.5 Substitution

Under special circumstance, a faculty member may be required to take over a subject or subjects of another who may not be able to handle the class for the rest of the semester. Such subject(s) shall not be construed as part of extra load, but should be counted above and beyond the extra load.

7.1.1.6 Computation of Teaching Load

7.1.1.6.1 For the purpose of computation, one hour of non-laboratory work or the equivalent number of non-laboratory work shall be considered as equivalent to one hour of teaching load; Provided, that the President, in his discretion, may consider other equivalents.

7.1.1.6.2 Graduate courses may be given one and one-half time as much weight as that of purely undergraduate courses.

7.1.1.7 Exceptions

7.1.1.7.1 Whenever conditions in the University are such that the foregoing rules on teaching load are inapplicable, the University President is authorized to make proper exceptions.

7.2 Examinations and Grades

Faculty members are held responsible for keeping the records of examinations and grades of their students.

7.2.1 Grading System

The following rating system with its percentage equivalent shall be adopted by the University:

Grade	Percentage	Descriptive Equivalent
1.0	97-100	Excellent
1.25	94-96	Excellent
