Retention Requirements

College Evaluation

Every end of the School Year, the College of Engineering, through the various departments, conducts a thorough scholastic evaluation of all incoming third year students for the purpose of assessing their academic performance and for determining the students who are;

1. Qualified to continue in their chosen degree program;
2. To be recommended for taking the qualifying exam so that they can continue in their chosen degree program if they passed the said; and
3. Candidates for dismissal from the College of Engineering.

To accomplishing this task, The Dean will designate a group of faculty members in their respective department who shall conduct the scholastic evaluation of the students enrolled in their respective degree programs. The result of the evaluation should be forwarded to the Chairperson, who after a through review of the result, should determine, recommend, prepare and submit to the College Dean the list of students who are required to take the qualifying examination.
