CALL FOR PAPER PRESENTATIONS

The **International Science, Technology, and Engineering Conference (ISTEC)** is organized by the Polytechnic University of the Philippines (PUP) in partnership with the Department of Foreign Affairs-Office of the United Nations and International Organizations (DFA-UNIO), Department of Science and Technology-National Capital Region (DOST-NCR), Commission on Higher Education (CHED), and Bohol Island State University. Its main aim is to disseminate scholarly explorations in the fields of science, technology, and engineering.

For our 2019 international conference, ISTEC envisions the integration of the significant roles of the academe and industries to ensure their edge in the global economy. Hence, ISTEC 2019 is guided by the theme: *"Innovative Science, Technology, and Engineering Researches Through Academe-Industry Confluence for Sustainable Future"* and is committed to focus on research outputs and insights that strengthen linkages and form strong networks in the fields of science, engineering, and technology.

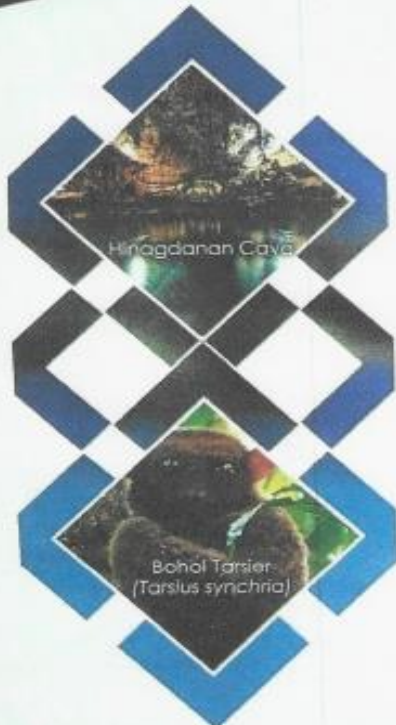

The organizing committee invites faculty members, graduate students, independent researchers, and scholars to submit innovative researches for oral presentation. Submissions must be aligned, but not limited to, the following disciplines:

- Engineering, Technology, Architecture and Design
- Biological Sciences
- Mathematics and Statistics
- Physical Sciences
- Nutrition and Food Sciences
- Computing Science and Information Technology

Participants who aim to present their research outputs must submit an extended abstract* on or before March 15, 2019 to istec2019@pup.edu.ph.

Registration, accommodation, and conference kit is free for all researchers whose projects will be accepted for oral presentation. However, for team researches, only one author will be allowed access to the conference to present the team output.

For inquiries, interested presenters may contact the ISTEC 2019 Secretariat Committee at istec2019@pup.edu.ph.

*The content of an extended abstract begins with the title of the research paper, full name of author(s), institutional affiliation(s) of author(s), and followed by a 200 to 250-word abstract. Three-five (3-5) keywords must appear right after the last line of the abstract. By extension, there must be brief descriptions of the introduction, methodology, result(s) and discussion, and conclusion(s) of the research project that must not exceed five (5) pages. The page limit of the extended abstract includes figures and tables, and selected references. Submissions must adhere to the following technical specifications: 1.5 spacing among the lines, Times New Roman font type, and one-inch margin all around the pages. Please also note that submissions must be in English as it is the official language of the conference.

INSTITUTE FOR SCIENCE AND TECHNOLOGY RESEARCH

Call for Research Proposal

The Center for Engineering and Technology Research (CETR) of the Institute for Science and Technology Research (ISTR) is promoting research and development of the Polytechnic University of the Philippines. The CETR is an outcome oriented research center that actively collaborates in molding the research output of its catered institutions towards international competency.

In response to the global research trends, the CETR encourages faculty researchers to submit research proposal to be funded by the University under the Office of the Vice President for Research, Extension and Development. Please take note that the total budget for the research proposals must not exceed to Php 30,000 only.

The following areas are encourage to submit research proposal.

- Engineering Research
- Developmental and Applied Research

SUBMISSION

All research proposals should be prepared by using the template provided. Kindly submit the proposal at ginnoandres@gmail.com. An official endorsement letter from the Dean/Head of the Institution must be attached upon submission.

IMPORTANT DATES

Deadline for the submission

April 30, 2019

Notification of acceptance

May 15, 2019

GINNO L. ANDRES, DEng
Chief, Center for Engineering and
Technology Research

ARMIN S. CORONADO, MSc
Director, Institute for Science and
Technology Research
